

Lift è una famiglia di applique quadrate proposte in due dimensioni che crea accenti luminosi a parete grazie all'utilizzo di apposite lenti. Il suo design minimalista si integra perfettamente negli ambienti in cui è inserito. I diversi effetti marcati di luce che emette riescono a valorizzare qualunque facciata rendendo la luce protagonista.

DESCRIZIONE TECNICA

Struttura in alluminio pressofuso ad elevata resistenza all'ossidazione. Riflettore realizzato con polimeri ricoperti in alluminio purissimo. Diffusore in vetro temprato trasparente. Viti a brugola in acciaio INOX A4. Guarnizioni in silicone ricotto. Doppia verniciatura extra resistente.

MINILIFT

Apparecchio predisposto per cablaggio passante con passafilo.

LIFT

Apparecchio predisposto per cablaggio passante con passafilo.

GRADO DI PROTEZIONE
IP65
